VSW and VSWL SYSTEMS

DESCRIPTION
VSW and VSWL systems are made up of frames and elastomeric seal.

BASIC USE
VSW and VSWL systems are used for covering expansion joint openings in walls and ceilings and providing a clean and aesthetically pleasing sightline where the joints occur.

FEATURES
• Installation is easy
• Seal can be installed later on most systems if necessary.
• The seal is available in many colors
• Wall systems may be fire rated.

COLOR OPTIONS
Standard:
Lunar White, Prairie, Fog, Carbon
Non-Standard:
Heather, Madrid, Slate, Statuette

FINISH
All exposed aluminum is mill finish.

STORAGE
All materials should be stored in a cool, dry location prior to use.

INSTALLATION
Apply to clean, dry, sound substrate. See manufacturer’s standard installation instructions.

LIMITED WARRANTY
MM Systems Corporation warrants materials furnished to be free of defects in materials and workmanship for a period of one year from date of shipment. Materials must be installed in strict accordance with approved MMSC shop drawings and/or installation instructions. MMSC shall not be liable for any injury, loss or damage, direct or consequential, arising out of the use of the product.
